SUMMARY

Detail-oriented Cloud Engineer with over 5 years of experience in designing and implementing cloud solutions. Proven track record of optimizing cloud infrastructure for performance and cost efficiency while ensuring high availability and security.

EXPERIENCE

Cloud Engineer

Jan 2022 - Present

Tech Innovators Inc., San Francisco, CA

- Migrated 80% of on-premise infrastructure to AWS, resulting in a 30% reduction in operational costs.
- Developed automated CI/CD pipelines using Jenkins and Terraform, decreasing deployment time by 40%.
- Implemented cloud security best practices leading to a 50% reduction in security incidents.

Junior Cloud Engineer

Jun 2018 - Dec 2021

NextGen Solutions, Los Angeles, CA

- Assisted in the deployment of multi-region AWS cloud environments, improving system resiliency by 25%.
- Collaborated with software development teams to optimize application performance, leading to a 20% increase in response times.
- Contributed to the migration of legacy applications to cloud-native architectures, saving the company \$100K annually.

Cloud Intern

Jan 2017 - May 2018

CloudWorks LLC, San Diego, CA

- Supported cloud deployment projects on Microsoft Azure, gaining hands-on experience with cloud service models.
- Conducted performance testing and monitoring of cloud applications, identifying bottlenecks and suggesting improvements.

EDUCATION

Bachelor of Science in Computer Science

May 2018

University of California, Berkeley, Berkeley, CA • GPA: 3.7

SKILLS

Technical Skills: AWS, Azure, Terraform, Docker

Tools & Frameworks: Jenkins, Kubernetes, Git, Ansible
