SUMMARY

Data Scientist with over 5 years of experience in leveraging data analytics and machine learning to drive business solutions. Proven track record of improving operational efficiency and enhancing data-driven decision-making.

EXPERIENCE

Senior Data Scientist

Jan 2022 - Present

Tech Innovations Inc., Seattle, WA

- Developed predictive models that increased customer retention by 15%, resulting in an additional \$500,000 in revenue annually.
- Led a cross-functional team to implement a new data pipeline that reduced data processing time by 40%, improving report generation efficiency.
- Utilized Python and R to analyze large datasets, deriving actionable insights that informed product development strategies.

Data Scientist

May 2019 - Dec 2021

Data Solutions LLC, Portland, OR

- Implemented machine learning algorithms that improved forecasting accuracy by 20%, directly contributing to inventory cost savings of \$200,000.
- Created interactive dashboards using Tableau, enhancing the clarity and accessibility of data insights for stakeholders.
- Collaborated with software engineers to deploy models into production, ensuring scalability and performance optimization.

Data Analyst

Jun 2017 - Apr 2019

Analytics Group, San Francisco, CA

- Analyzed sales data to identify trends, resulting in a 10% increase in quarterly sales through targeted marketing efforts.
- Automated reporting processes using SQL and Excel, saving the team an average of 15 hours per week.
- Conducted A/B testing on marketing campaigns, leading to a 25% increase in click-through rates.

EDUCATION

Bachelor of Science in Data Science

May 2018

University of Washington, Seattle, WA • GPA: 3.7

SKILLS

Technical Skills: Statistical Analysis, Machine Learning, Data Visualization, Predictive Modeling

Tools & Frameworks: Python, R, SQL, Tableau, TensorFlow
