SUMMARY

Dedicated Electrical Lineman with over 5 years of experience in installing, maintaining, and repairing high-voltage power lines. Proven ability to enhance safety protocols and reduce downtime through efficient problem-solving and technical expertise.

EXPERIENCE

Electrical Lineman

Jan 2022 - Present

Texas Power Company, Houston, TX

- Successfully reduced outage response time by 30% by implementing new troubleshooting protocols.
- Led a team in a power line expansion project that increased capacity by 15 MW, impacting over 2,000 customers.
- Conducted routine inspections and maintenance on over 100 miles of high-voltage lines, ensuring compliance with safety regulations.

Apprentice Lineman

Jun 2019 - Dec 2021

Southern Electric Services, Dallas, TX

- Assisted in the installation and maintenance of electrical distribution systems, contributing to a 20% decrease in service interruptions.
- Trained in the use of specialized tools such as bucket trucks and wire pullers, increasing team efficiency by 15%.
- Collaborated with senior linemen to develop safety training programs, resulting in a 50% reduction in workplace accidents.

Groundman

Jan 2018 - May 2019

Lone Star Electric, Austin, TX

- Supported linemen in the installation and repair of overhead and underground power lines, improving project completion times by 25%.
- Maintained tools and equipment to ensure operational efficiency, reducing equipment downtime by 10%.
- Assisted in emergency restoration efforts during severe weather events, restoring power to 500+ customers within 24 hours.

EDUCATION

Associate of Applied Science in Electrical Technology

May 2017

Houston Community College, Houston, TX • GPA: 3.5

SKILLS

Technical Skills: High-Voltage Line Installation, Troubleshooting & Repair, Safety Protocols, Electrical Code Compliance

Tools & Frameworks: Bucket Trucks, Wire Pullers, Insulation Testing Equipment, Personal Protective Equipment (PPE)
