## SUMMARY

---

Detail-oriented Engineering Technician with over 5 years of experience in manufacturing and testing environments. Proven track record of improving processes and reducing costs through innovative engineering solutions.

## EXPERIENCE

---

### Senior Engineering Technician

Jan 2022 - Present

*Tech Innovations Inc., Seattle, WA*

- Led a project that reduced production costs by 15%, saving the company \$250,000 annually.
- Implemented new testing protocols that improved product quality by decreasing defect rates by 25%.
- Utilized CAD software to design and modify components, effectively reducing prototyping time by 30%.

### Engineering Technician

Jun 2018 - Dec 2021

*Precision Manufacturing Co., Bellevue, WA*

- Collaborated with engineers to develop and test prototypes, resulting in a 20% increase in project efficiency.
- Conducted failure analysis on components, leading to a 40% reduction in warranty claims.
- Maintained accurate documentation and compliance with industry standards, ensuring 100% regulatory adherence.

### Junior Engineering Technician

May 2016 - May 2018

*Innovative Solutions Corp., Redmond, WA*

- Assisted in the development of new manufacturing processes that decreased cycle times by 15%.
- Participated in cross-functional teams to support product launches, achieving on-time delivery 95% of the time.
- Trained new staff on equipment operation and safety protocols, enhancing overall team productivity.

## EDUCATION

---

### Bachelor of Science in Mechanical Engineering Technology

May 2018

*University of Washington, Seattle, WA • GPA: 3.7*

## SKILLS

---

**Technical Skills:** CAD Design, Data Analysis, Testing Procedures, Quality Assurance

**Tools & Frameworks:** AutoCAD, MATLAB, SolidWorks
