SUMMARY

Motivated Entry Level React Native Developer with a strong foundation in mobile app development and a passion for building user-centric applications. Proficient in JavaScript and React, with hands-on experience in collaborative projects that enhance user experience and drive measurable results.

EXPERIENCE

Junior Mobile Developer

Jan 2022 - Present

Tech Innovations Inc., San Francisco, CA

- Collaborated on a React Native application that increased user engagement by 30% within 3 months of launch.
- Implemented new features that improved app performance by reducing load times by 25%.
- Utilized Git for version control and participated in Agile sprints, facilitating weekly team updates and feature evaluations.

Intern - Mobile Application Development

Jun 2021 - Dec 2021

Creative Solutions Ltd., San Jose, CA

- Assisted in the development of a cross-platform mobile app, contributing to a 15% increase in customer satisfaction ratings.
- Conducted user testing and gathered feedback to enhance UI/UX design, resulting in a 10% reduction in user drop-off rates.
- Gained experience with RESTful APIs and Firebase for backend integration.

Freelance Mobile Developer

Jan 2021 - May 2021

Self-Employed, Remote

- Developed custom React Native apps for small businesses, leading to an average of \$5,000 increase in monthly sales for clients.
- Streamlined development processes, reducing project delivery timelines by 20%.
- Maintained effective communication with clients to ensure project requirements were met on time.

EDUCATION

Bachelor of Science in Computer Science
