SUMMARY

Compassionate and detail-oriented Entry Level Respiratory Therapist with a strong foundation in patient care and clinical practices. Proficient in administering respiratory therapies and patient assessments, with a commitment to improving patient outcomes through evidence-based approaches.

EXPERIENCE

Respiratory Therapy Intern

Jan 2023 - Present

Greenwood Medical Center, Seattle, WA

- Assisted in the development and implementation of respiratory care plans for over 30 patients weekly, improving overall patient satisfaction scores by 15%.
- Performed routine assessments and monitoring of patients on ventilators, contributing to a 20% reduction in ventilator-associated pneumonia cases.
- Gained hands-on experience with CPAP and BiPAP machines, ensuring proper patient usage and compliance.

Clinical Volunteer

Jun 2021 - Dec 2022

City Health Clinic, Seattle, WA

- Supported respiratory therapy team in patient education sessions, resulting in a 25% increase in patients understanding their treatment plans.
- Conducted preliminary patient screenings and vital sign checks, improving the efficiency of patient intake by 30%.
- Collaborated with nursing staff to ensure seamless patient care transitions.
