SUMMARY

Detail-oriented and motivated entry-level sheet metal worker with a strong foundation in fabrication and installation techniques. Proven ability to work efficiently in high-pressure environments and dedicated to maintaining high standards of quality and safety.

EXPERIENCE

Apprentice Sheet Metal Worker

Jan 2022 - Present

Precision Metalworks Inc., San Diego, CA

- Assisted in the fabrication of sheet metal components, contributing to a 15% increase in production efficiency.
- Collaborated with senior workers to install HVAC ductwork in residential buildings, ensuring adherence to safety and quality standards.
- Conducted regular quality checks, reducing material waste by 10% through precise measurements and adjustments.

Metal Fabrication Intern

Jun 2021 - Dec 2021

ABC Manufacturing, San Diego, CA

- Learned to operate various metalworking tools including shears, brakes, and welders, contributing to a faster turnaround on projects.
- Participated in team projects that improved workflow, cutting project completion time by 20%.
- Assisted in inventory management, helping to streamline the ordering process and reduce costs by \$500 per month.

Production Assistant

May 2019 - May 2021

Metal Solutions LLC, San Diego, CA

- Supported the production team in assembling metal products, achieving a record of zero safety incidents over 12 months.
- Utilized CAD software to assist in the design and modification of metal components, enhancing product precision.
- Provided training to new staff on safety protocols and machine operation, improving team efficiency by 15%.

EDUCATION

Associate of Applied Science in Metal Fabrication

May 2020

San Diego Community College, San Diego, CA • GPA: 3.9

SKILLS

Technical Skills: Sheet Metal Fabrication, Welding Techniques, Blueprint Reading, HVAC Systems Installation

Tools & Frameworks: CNC Machines, Punch Press, Laser Cutters
