SUMMARY

Detail-oriented and motivated entry-level solar panel installer with hands-on experience in renewable energy systems. Proven ability to work in high-pressure environments, ensuring quality installations and maintenance of solar energy systems.

EXPERIENCE

Solar Panel Installer Intern

Jun 2022 - Present

Sunshine Energy Solutions, Phoenix, AZ

- Assisted in the installation of over 50 residential solar panel systems, achieving a 98% customer satisfaction rate.
- Conducted site assessments and system evaluations, ensuring optimal installation and energy efficiency.
- Collaborated with a team to reduce installation time by 20% through improved workflow processes.

Renewable Energy Technician

Jan 2021 - May 2022

EcoPower Services, Tempe, AZ

- Supported the installation and maintenance of solar energy systems, contributing to a 15% increase in energy output for clients.
- Participated in workshops to enhance safety protocols, reducing on-site accidents by 30%.
- Tracked performance metrics and provided detailed reports to management, improving project efficiency.

Construction Helper

May 2019 - Dec 2020

BuildSmart Construction, Scottsdale, AZ

- Assisted skilled tradespeople in various construction tasks, developing a solid understanding of building codes and safety standards.
- Facilitated material handling and logistics, reducing delays in project timelines by 15%.
- Learned to operate tools and equipment safely, contributing to a safe work environment.

EDUCATION

Bachelor of Science in Environmental Science

May 2018

Arizona State University, Tempe, AZ • GPA: 3.7

SKILLS

Technical Skills: Photovoltaic System Installation, Electrical Wiring, Site Assessment, Maintenance and Troubleshooting

Tools & Frameworks: Multimeter, Solar Panel Mounting Systems, Power Tools, CAD Software
