SUMMARY

Detail-oriented Geologist with over 5 years of experience in geological surveying and analysis. Proven track record in resource exploration and environmental impact assessments, utilizing advanced geological modeling and data analysis techniques.

EXPERIENCE

Senior Geologist

Jan 2022 - Present

Rockwell Geosciences, Denver, CO

- Led a team of 5 geologists in a mineral exploration project that increased resource estimates by 30%, resulting in a projected revenue increase of \$2 million.
- Developed and implemented new geological modeling techniques that reduced project timelines by 20%.
- Conducted detailed geological assessments that informed the successful acquisition of 3 new mining sites.

Geologist

Jun 2018 - Dec 2021

EarthScope Consulting, Boulder, CO

- Performed geological surveys and mapping that improved accuracy in resource estimation by 25%.
- Collaborated with environmental scientists to assess and mitigate project impacts, resulting in a 15% reduction in compliance costs.
- Utilized GIS tools to analyze spatial data, enhancing the decision-making process in project planning.

Junior Geologist

May 2016 - May 2018

GeoTech Solutions, Fort Collins, CO

- Assisted in the development of geological reports that contributed to a \$1 million project grant.
- Supported field data collection and analysis, improving data accuracy by 10%.
- Engaged in community outreach programs to educate on geology and environmental sustainability.

EDUCATION

Bachelor of Science in Geology

May 2018

University of Colorado Boulder, Boulder, CO • GPA: 3.7

SKILLS

Technical Skills: Geological Mapping, Data Analysis, Resource Estimation, Environmental Assessment

Tools & Frameworks: ArcGIS, RockWorks, Surfer, Leapfrog
