SUMMARY

Innovative Industrial Designer with over 5 years of experience in product development and user-centered design. Proven ability to drive projects from concept to completion with a focus on sustainability and efficiency.

EXPERIENCE

Senior Industrial Designer

Jan 2022 - Present

EcoDesign Innovations, San Francisco, CA

- Led a team to redesign a product line that reduced production costs by 25%, saving the company \$150,000 annually.
- Developed a sustainable packaging solution that decreased material usage by 30% and improved customer satisfaction ratings by 15%.
- Utilized CAD software and rapid prototyping techniques to create over 50 new product designs, enhancing market responsiveness.

Industrial Designer

Jun 2018 - Dec 2021

InnovateTech Solutions, Los Angeles, CA

- Collaborated on a cross-functional team to launch a smart home device, achieving a 40% increase in user engagement within the first year.
- Conducted user research that resulted in a 20% increase in product usability, leading to a 30% boost in sales.
- Implemented 3D modeling techniques and user testing protocols to refine product designs effectively.

Junior Industrial Designer

May 2016 - May 2018

Creative Solutions Inc., San Diego, CA

- Assisted in the design and development of consumer products that improved market share by 15%.
- Participated in design reviews and contributed to concept brainstorming sessions, driving innovation.
- Created detailed technical drawings and specifications for production, improving communication between design and manufacturing teams.

EDUCATION

Bachelor of Science in Industrial Design

May 2018

California College of the Arts, Oakland, CA • GPA: 3.7

SKILLS

Technical Skills: 3D Modeling, User-Centered Design, Sustainable Design Practices, Prototyping Techniques

Tools & Frameworks: SolidWorks, AutoCAD, Adobe Creative Suite, Fusion 360
