SUMMARY

Detail-oriented iOS Developer with over 5 years of experience in designing and building user-centric mobile applications. Proven track record of enhancing application performance and user engagement through innovative features and efficient coding practices.

EXPERIENCE

iOS Developer

Jan 2022 - Present

Tech Innovations Inc., San Francisco, CA

- Led the development of a financial tracking app that increased user retention by 45% within 6 months.
- Implemented a new UI framework that reduced loading time by 30%, enhancing overall user experience.
- Collaborated with cross-functional teams using Agile methodologies to deliver 3 major app updates per quarter.

Junior iOS Developer

May 2019 - Dec 2021

Creative Solutions LLC, Los Angeles, CA

- Contributed to the design and development of a social networking app with over 100,000 downloads on the App Store.
- Utilized Swift and Objective-C to create features that improved app functionality and user satisfaction ratings by 20%.
- Assisted in the migration of the app to Swift 5, resulting in a 25% reduction in code complexity and improved maintainability.

iOS Intern

Jan 2018 - Apr 2019

StartUp Hub, San Diego, CA

- Supported the development team in troubleshooting and debugging issues, achieving a 15% reduction in bug reports after launches.
- Participated in code reviews and learned best practices in iOS development, enhancing personal coding skills and team collaboration.

EDUCATION

Bachelor of Science in Computer Science

May 2018

University of California, Berkeley, Berkeley, CA • GPA: 3.7

SKILLS

Technical Skills: Swift, Objective-C, Xcode, iOS SDK

Tools & Frameworks: CocoaPods, Firebase, Git, JIRA
