SUMMARY

Detail-oriented Mid Level Audio Engineer with over 5 years of experience in music production and sound design. Proven track record of enhancing audio quality and efficiency in recording sessions through innovative solutions and technical expertise.

EXPERIENCE

Audio Engineer

Jan 2022 - Present

SoundWave Studios, Los Angeles, CA

- Increased recording efficiency by 30% through the implementation of a new digital audio workstation setup.
- Collaborated with artists and producers to create over 50 high-quality tracks, resulting in a 20% increase in studio bookings.
- Managed audio mixing and mastering for projects with budgets exceeding \$100,000.

Junior Audio Engineer

Jun 2018 - Dec 2021

Echo Productions, Los Angeles, CA

- Assisted in the production of award-winning soundtracks for independent films, contributing to a 15% increase in audience ratings.
- Reduced sound editing time by 25% by developing a streamlined workflow utilizing Pro Tools and Logic Pro.
- Conducted regular equipment maintenance, ensuring a 99% operational readiness rate.

Audio Intern

Aug 2017 - May 2018

Harmonic Records, San Francisco, CA

- Supported senior engineers in recording and editing sessions, gaining hands-on experience with advanced recording techniques.
- Assisted in setting up sound equipment for live events, contributing to successful performances with over 500 attendees.
- Developed skills in audio mixing, leading to a successful internship completion ahead of schedule.
