SUMMARY

Results-driven AWS Solutions Architect with over 5 years of experience in designing and implementing scalable cloud solutions. Proven track record of optimizing infrastructure costs and enhancing system performance through innovative architecture designs.

EXPERIENCE

AWS Solutions Architect

Jan 2022 - Present

Tech Innovators Inc., Austin, TX

- Designed and implemented a serverless architecture that reduced operational costs by 30%, saving the company \$150,000 annually.
- Led a migration project from on-premises to AWS, achieving a 40% increase in system performance and a 25% reduction in deployment times.
- Collaborated with cross-functional teams to develop best practices in AWS cloud solutions, leading to a 50% improvement in project delivery timelines.

Cloud Engineer

Jun 2019 - Dec 2021

Global Solutions Corp., Dallas, TX

- Automated infrastructure deployment using AWS CloudFormation, reducing provisioning time by 60%.
- Implemented monitoring solutions with AWS CloudWatch, improving uptime to 99.9% and enhancing user satisfaction.
- Contributed to the development of a microservices-based application architecture that improved scalability and reduced load times by 20%.

Systems Administrator

Aug 2017 - May 2019

Innovative Tech Solutions, Houston, TX

- Managed cloud environments on AWS, optimizing resource allocation which resulted in a 15% cost savings.
- Assisted in the implementation of disaster recovery strategies that reduced recovery time objectives (RTO) by 50%.
- Provided technical support and training to team members, enhancing overall team efficiency by 20%.

EDUCATION

Bachelor of Science in Computer Science

May 2018

University of Texas at Austin, Austin, TX • GPA: 3.7

SKILLS

Technical Skills: AWS (EC2, S3, Lambda), CloudFormation, Docker, Microservices Architecture

Tools & Frameworks: Terraform, Jenkins, Git, Ansible
