SUMMARY

Dedicated Cloud Engineer with over 5 years of experience in designing and implementing cloud solutions. Proficient in AWS and Azure, with a strong focus on optimizing infrastructure and enhancing system security.

EXPERIENCE

Cloud Engineer

Jan 2022 - Present

Tech Innovations Inc., Seattle, WA

- Increased system uptime by 30% through implementation of automated monitoring and alerting systems.
- Reduced cloud costs by 25% by optimizing resource allocation and utilizing reserved instances.
- Led the migration of 50+ applications to AWS, ensuring minimal downtime and seamless transition.

Cloud Operations Engineer

Jul 2019 - Dec 2021

Global Solutions LLC, San Francisco, CA

- Developed and maintained CI/CD pipelines, improving deployment speed by 40%.
- Implemented security best practices resulting in a 95% reduction in security incidents.
- Collaborated with cross-functional teams to establish cloud governance policies.

Junior Cloud Engineer

Jun 2018 - Jun 2019

NextGen Technologies, Austin, TX

- Assisted in the setup of cloud infrastructure using Terraform, improving deployment efficiency.
- Monitored cloud performance and made recommendations that led to a 20% increase in application response times.
- Documented cloud architecture and processes, enhancing team knowledge and onboarding efficiency.

EDUCATION

Bachelor of Science in Computer Science

May 2018

University of Washington, Seattle, WA • GPA: 3.7

SKILLS

Technical Skills: AWS, Azure, Terraform, Kubernetes

Tools & Frameworks: Docker, Jenkins, Ansible
