SUMMARY

Detail-oriented CNC Operator with over 5 years of experience in precision machining and manufacturing processes. Proven track record of optimizing production efficiency and quality control, resulting in enhanced project outcomes and reduced operational costs.

EXPERIENCE

CNC Operator

Jan 2022 - Present

Precision Machining Solutions, Seattle, WA

- Increased production efficiency by 20% through the implementation of lean manufacturing techniques.
- Reduced scrap rate by 15% by improving quality control processes and machine calibration.
- Operated and maintained CNC mills and lathes, programming G-code for various production runs.

CNC Machinist

Jun 2018 - Dec 2021

Innovative Manufacturing Corp., Tacoma, WA

- Completed complex machining tasks on time, contributing to a 30% increase in project delivery speed.
- Trained new team members on CNC operation and safety protocols, enhancing team productivity.
- Utilized Mastercam for programming CNC machines, improving setup time by 25%.

CNC Trainee

Aug 2016 - May 2018

Advanced Fabrication LLC, Renton, WA

- Assisted in running various CNC machines, gaining hands-on experience in machining processes.
- Achieved a 10% reduction in downtime by actively monitoring machine performance and maintenance schedules.
- Contributed to team projects by performing quality checks and ensuring compliance with specifications.

EDUCATION

Bachelor of Science in Mechanical Engineering Technology

May 2018

University of Washington, Seattle, WA • GPA: 3.7

SKILLS

Technical Skills: CNC Programming, G-code, Blueprint Reading, Quality Control

Tools & Frameworks: Mastercam, SolidWorks, HAAS CNC Machines, Vericut
