SUMMARY

Mid Level React Developer with over 4 years of experience in building responsive web applications. Proficient in JavaScript, React, and modern web technologies, with a proven track record of optimizing application performance and enhancing user experience.

EXPERIENCE

React Developer

Jan 2022 - Present

Tech Innovations LLC, San Francisco, CA

- Led the development of a dynamic e-commerce platform, increasing sales by 25% within the first quarter post-launch.
- Implemented a component library using React and Storybook, reducing development time by 30%.
- Collaborated with UX/UI designers to enhance user interfaces, resulting in a 15% decrease in user drop-off rates.

Front End Developer

Jun 2019 - Dec 2021

Creative Solutions Inc., Los Angeles, CA

- Revamped company website using React and Redux, improving loading speed by 40% and boosting user engagement.
- Developed and maintained custom RESTful APIs, facilitating seamless integration with back-end services.
- Participated in Agile sprints and code reviews, improving team productivity and code quality.

Junior Web Developer

May 2018 - May 2019

Startup Hub, Austin, TX

- Assisted in the development of a mobile-responsive web application, contributing to a 20% increase in mobile user traffic.
- Worked closely with senior developers to learn React best practices, accelerating personal development and project delivery timelines.
- Conducted user testing and gathered feedback, leading to a 10% improvement in overall user satisfaction scores.
