SUMMARY

Results-driven engineering leader with over 7 years of experience in software development and team management. Proven track record of driving innovation and efficiency in technology solutions, focusing on agile methodologies and cross-functional collaboration.

EXPERIENCE

Director of Engineering

Jan 2022 - Present

Tech Innovators Inc., San Francisco, CA

- Led a team of 25 engineers to deliver a cloud-based platform, increasing customer acquisition by 30% within the first year.
- Implemented Agile methodologies, reducing product development cycle time by 25% and improving team productivity.
- Spearheaded the adoption of DevOps practices, resulting in a 40% decrease in deployment time and a 15% reduction in operational costs.

Engineering Manager

Jun 2018 - Dec 2021

Dynamic Solutions LLC, Austin, TX

- Managed a cross-functional team of 15 to develop a mobile application that increased user engagement by 50% and revenue by \$200K.
- Enhanced software quality through rigorous testing processes, resulting in a 60% reduction in bugs post-release.
- Collaborated with product management to align engineering goals with business outcomes, achieving a 20% increase in project success rates.

Software Engineer

Jul 2015 - May 2018

NextGen Tech, New York, NY

- Contributed to the development of a SaaS product, achieving a 15% increase in market share.
- Utilized Python, Java, and AWS to build scalable applications, leading to a 35% improvement in system performance.
- Participated in code reviews and mentoring junior developers, fostering a culture of continuous learning.

EDUCATION

Bachelor of Science in Computer Engineering

May 2015

University of California, Berkeley, Berkeley, CA • GPA: 3.8

SKILLS

Technical Skills: Agile Methodologies, DevOps, Cloud Computing, Software Architecture

Tools & Frameworks: AWS, Docker, Jenkins, Git
