SUMMARY

Experienced Network Engineer with over 5 years of expertise in designing and optimizing robust network infrastructures. Proficient in cloud networking and security protocols, with a strong focus on enhancing system performance and reliability.

EXPERIENCE

Senior Network Engineer

Jan 2022 - Present

Tech Innovations Inc., Austin, TX

- Led a project to redesign network architecture, reducing downtime by 30% and saving the company \$50,000 annually.
- Implemented a new monitoring system that improved network performance visibility, resulting in a 25% reduction in latency.
- Managed a team of 4 engineers to deploy a secure VPN solution for remote employees, enhancing data protection.

Network Engineer

Jun 2018 - Dec 2021

Global Networks LLC, Dallas, TX

- Optimized routing protocols, which led to a 20% improvement in data transfer speeds across the network.
- Conducted network security assessments, identifying vulnerabilities that decreased security risks by 40%.
- Collaborated with cross-functional teams to integrate cloud services, resulting in a 15% reduction in infrastructure costs.

Junior Network Engineer

Aug 2016 - May 2018

Network Solutions Co., Houston, TX

- Assisted in the deployment of a multi-site MPLS network, enhancing connectivity for 10 branch offices.
- Managed routine maintenance and troubleshooting, leading to a 98% issue resolution rate within the first hour.
- Supported the migration of legacy systems to modern architecture, improving operational efficiency by 25%.

EDUCATION

Bachelor of Science in Computer Networking

May 2018

University of Texas at Austin, Austin, TX • GPA: 3.7

SKILLS

Technical Skills: Cisco IOS, MPLS, BGP, Network Security

Tools & Frameworks: Wireshark, SolarWinds, AWS, Cisco Meraki
