SUMMARY

Dedicated Platform Engineer with over 5 years of experience in designing scalable cloud infrastructure and optimizing deployment pipelines. Proven track record in enhancing application performance and reducing downtime through innovative solutions and robust automation.

EXPERIENCE

Platform Engineer

Jan 2022 - Present

Tech Innovations Inc., San Francisco, CA

- Improved system uptime by 30% through proactive monitoring and automated recovery processes.
- Led migration of legacy applications to AWS, resulting in a 40% reduction in operational costs.
- Implemented CI/CD pipelines using Jenkins and GitLab, decreasing deployment times by 50%.

DevOps Engineer

Jun 2019 - Dec 2021

Cloud Solutions LLC, Los Angeles, CA

- Automated infrastructure provisioning using Terraform, reducing setup time from days to hours.
- Enhanced application reliability, decreasing incident response time by 25% through improved monitoring solutions.
- Collaborated with development teams to optimize microservices architecture, resulting in a 15% increase in performance.

Systems Administrator

May 2017 - May 2019

Innovatech Corp., Los Angeles, CA

- Managed on-premises and cloud-based infrastructure, achieving 99.9% uptime across all services.
- Developed scripts for task automation that saved the team over 100 hours of manual work each quarter.
- Provided technical support and training to cross-functional teams, enhancing overall productivity.

EDUCATION

Bachelor of Science in Computer Science

May 2018

University of California, Berkeley, Berkeley, CA • GPA: 3.7

SKILLS

Technical Skills: AWS, Terraform, Docker, Kubernetes

Tools & Frameworks: Jenkins, GitLab, Prometheus, Grafana
