SUMMARY

Detail-oriented Python Developer with over 5 years of experience in building scalable web applications and data analysis tools. Proficient in leveraging modern frameworks and libraries to optimize performance and enhance user experience.

EXPERIENCE

Senior Python Developer

Jan 2022 - Present

Tech Innovators Inc., Austin, TX

- Led the development of a data processing pipeline that improved data retrieval times by 40%, resulting in a \$500,000 annual cost reduction.
- Implemented RESTful APIs using Flask and Django, enhancing system integration and reducing client-side load times by 30%.
- Collaborated with cross-functional teams to adopt Agile methodologies, increasing project delivery speed by 25%.

Python Developer

Jun 2019 - Dec 2021

Data Solutions LLC, San Antonio, TX

- Developed and maintained web applications using Python and JavaScript, leading to a 15% increase in user engagement.
- Automated data collection processes using Python scripts, reducing manual data entry efforts by 50 hours per month.
- Contributed to the migration of legacy systems to a microservices architecture, improving system reliability and scalability.

Junior Python Developer

Jul 2018 - May 2019

CodeCraft Co., Houston, TX

- Assisted in the development of a machine learning model that improved prediction accuracy by 20%.
- Participated in code reviews and contributed to the optimization of existing codebases, enhancing performance by 15%.
- Wrote unit tests and documentation, ensuring code quality and maintainability.

EDUCATION

Bachelor of Science in Computer Science

May 2018

University of Texas at Austin, Austin, TX • GPA: 3.7

SKILLS

Technical Skills: Python, Django, Flask, Machine Learning

Tools & Frameworks: Git, Docker, Kubernetes
