SUMMARY

Dedicated and experienced rancher with over 5 years of expertise in livestock management and sustainable farming practices. Proven track record in increasing herd productivity and enhancing operational efficiency through innovative techniques and technology.

EXPERIENCE

Head Rancher

Jan 2022 - Present

Sunny Meadows Ranch, Bozeman, MT

- Increased cattle herd productivity by 25% over 2 years by implementing rotational grazing techniques.
- Reduced operational costs by \$40,000 annually through effective resource management and sustainable practices.
- Utilized precision agriculture tools, including GPS-guided equipment and data analytics, to optimize pasture health.

Livestock Manager

Jun 2018 - Dec 2021

Green Valley Farms, Helena, MT

- Managed a herd of 200+ sheep and goats, achieving a 30% increase in wool production during my tenure.
- Implemented a veterinary care program that reduced livestock morbidity rates by 15% within the first year.
- Trained staff in modern farming practices, resulting in a 20% improvement in farm efficiency.

Farmhand

May 2015 - May 2018

Riverside Ranch, Billings, MT

- Assisted in daily ranch operations, including feeding and care of livestock for a 300-acre ranch.
- Developed and maintained irrigation systems, improving crop yield by 10%.
- Contributed to successful breeding programs, resulting in a 40% increase in calf survival rates.

EDUCATION

Bachelor of Science in Animal Science

May 2018

Montana State University, Bozeman, MT • GPA: 3.7
