SUMMARY

Detail-oriented Release Engineer with over 5 years of experience in software release management and CI/CD pipelines. Proven track record of improving deployment efficiency and reducing release time through automation and process optimization.

EXPERIENCE

Release Engineer

Jan 2022 - Present

Tech Innovations Inc., San Francisco, CA

- Automated deployment processes, reducing release time by 40%, saving the company \$100,000 annually.
- Implemented a CI/CD pipeline using Jenkins and Docker, increasing deployment frequency by 50%.
- Collaborated with development teams to enhance version control practices, improving code quality and reducing bugs by 30%.

Build and Release Engineer

Jun 2018 - Dec 2021

Global Software Solutions, Los Angeles, CA

- Designed and maintained build systems using Maven and Gradle, ensuring a 99% success rate on nightly builds.
- Streamlined the release process through the introduction of automated testing, leading to a 25% reduction in post-release defects.
- Facilitated the migration to cloud-based infrastructure, resulting in a 20% decrease in operational costs.

Junior Release Engineer

Aug 2016 - May 2018

Innovatech Solutions, Seattle, WA

- Assisted in the deployment of over 30 software releases across multiple environments, ensuring timely delivery.
- Maintained build scripts and documentation, improving team onboarding time by 15%.
- Supported troubleshooting efforts, reducing critical downtime incidents by 20%.

EDUCATION

Bachelor of Science in Computer Science

May 2018

University of California, Berkeley, Berkeley, CA • GPA: 3.7

SKILLS

Technical Skills: Continuous Integration, Continuous Deployment, Version Control, Scripting (Python, Bash)

Tools & Frameworks: Jenkins, Docker, Git, Maven, Gradle, AWS
