SUMMARY

Detail-oriented Scala Developer with over 5 years of experience in building scalable applications and optimizing performance. Proficient in functional programming and passionate about leveraging big data technologies to drive business insights.

EXPERIENCE

Scala Developer

Jan 2022 - Present

Tech Innovations Inc., San Francisco, CA

- Led the migration of a monolithic application to a microservices architecture, resulting in a 30% increase in deployment frequency.
- Developed data processing pipelines using Apache Spark, improving data processing speed by 50%, which saved the company \$200,000 annually.
- Collaborated with cross-functional teams to design and implement REST APIs, enhancing system integration and improving response times by 25%.

Software Engineer

Jul 2019 - Dec 2021

Data Solutions LLC, Los Angeles, CA

- Designed and implemented a real-time analytics dashboard using Scala and Akka, enabling stakeholders to make data-driven decisions.
- Reduced system latency by 40% through code optimization and implementing efficient data structures.
- Participated in Agile development processes, contributing to sprint planning and retrospectives to enhance team productivity.

Junior Developer

Jun 2018 - Jun 2019

WebTech Corp., San Diego, CA

- Assisted in developing a Scala-based application for e-commerce, achieving a 20% increase in user engagement.
- Worked with the QA team to implement automated tests, which reduced bugs in production by 15%.
- Gained experience in using Play Framework for web application development.

EDUCATION

Bachelor of Science in Computer Science

May 2018

University of California, Berkeley, Berkeley, CA • GPA: 3.7

SKILLS

Technical Skills: Scala, Apache Spark, Akka, RESTful APIs

Tools & Frameworks: Play Framework, Docker, Kubernetes
