SUMMARY

Dedicated and detail-oriented Senior Air Traffic Controller with over 8 years of experience in managing complex airspace operations. Proven ability to enhance efficiency and safety through effective communication and advanced radar systems. Committed to fostering a collaborative environment and improving traffic flow.

EXPERIENCE

Senior Air Traffic Controller

Jan 2022 - Present

Seattle-Tacoma International Airport, Seattle, WA

- Improved air traffic flow efficiency by 25%, reducing average delay times from 15 minutes to 11 minutes.
- Successfully coordinated over 1,500 flights daily, maintaining 99.9% safety compliance.
- Implemented new radar technology training program, enhancing staff proficiency in advanced tools.

Air Traffic Controller

Jun 2018 - Dec 2021

Denver International Airport, Denver, CO

- Managed high-traffic scenarios involving up to 2,000 operations per day, ensuring optimal safety standards.
- Developed communication protocols that decreased miscommunication incidents by 30%.
- Streamlined flight routing procedures that cut operational costs by \$200,000 annually.

Air Traffic Control Specialist

Aug 2015 - May 2018

San Francisco International Airport, San Francisco, CA

- Provided real-time traffic updates and advisories while managing over 1,000 aircraft movements daily.
- Enhanced team coordination, leading to a reduction in average response time to emergencies by 15%.
- Led a team in the integration of new software tools that increased data accuracy by 40%.

EDUCATION

Bachelor of Science in Aviation Management

May 2015

Embry-Riddle Aeronautical University, Daytona Beach, FL • GPA: 3.7

SKILLS

Technical Skills: Radar Operation, Flight Data Processing, Emergency Management, Collaborative Decision Making

Tools & Frameworks: ATM Systems, Flight Planning Software, Communication Protocols
