SUMMARY

Senior Angular Developer with over 7 years of experience in designing and implementing scalable web applications. Proven track record in optimizing application performance and delivering high-quality software solutions, with a strong focus on team collaboration and agile methodologies.

EXPERIENCE

Senior Angular Developer

Jan 2022 - Present

Tech Innovations Inc., San Francisco, CA

- Led a team of 5 developers to successfully migrate a legacy application to Angular 12, resulting in a 40% increase in performance and a 25% reduction in loading time.
- Implemented state management using NgRx, which improved application maintainability and reduced bugs by 30%.
- Collaborated with cross-functional teams in an Agile environment to deliver features, achieving a 15% increase in user satisfaction scores.

Angular Developer

Jun 2018 - Dec 2021

Creative Solutions Ltd., Los Angeles, CA

- Developed and maintained multiple single-page applications using Angular 9, achieving a 20% increase in client engagement.
- Automated testing processes using Jasmine and Karma, which resulted in a 50% reduction in regression errors.
- Worked closely with UI/UX designers to enhance user experience, leading to a 30% increase in conversion rates.

Junior Angular Developer

Jul 2016 - May 2018

Web Development Co., San Diego, CA

- Supported the development of an e-commerce platform using Angular 5, which generated \$1M in revenue within the first year.
- Participated in code reviews and contributed to documentation, enhancing team knowledge and onboarding processes.
- Assisted in the integration of RESTful APIs, improving data handling efficiency by 35%.
