SUMMARY

Dedicated Senior Cloud Security Engineer with over 8 years of experience leading cloud security initiatives and developing robust security frameworks. Proven track record of reducing security incidents by 40% and enhancing compliance across cloud environments.

EXPERIENCE

Senior Cloud Security Engineer

Jan 2022 - Present

Tech Innovations Inc., San Francisco, CA

- Implemented a cloud security posture management solution reducing misconfigurations by 30%, leading to a 25% decrease in security incidents.
- Led a cross-functional team to achieve ISO 27001 certification for cloud operations, enhancing client trust and resulting in a 15% increase in business.
- Developed and executed incident response plans that reduced response time by 50%, ensuring swift recovery from potential security breaches.

Cloud Security Engineer

Mar 2018 - Dec 2021

Global Tech Solutions, Los Angeles, CA

- Designed and implemented cloud security architecture for AWS and Azure, resulting in a 35% improvement in compliance with security best practices.
- Conducted over 50 security assessments, identifying critical vulnerabilities and recommending remediation steps, which lowered risk exposure by 40%.
- Automated security monitoring processes using tools like CloudTrail and GuardDuty, which saved the team 20 hours per week.

Cloud Security Analyst

Jun 2015 - Feb 2018

SecureNet Corp., Seattle, WA

- Monitored and analyzed security events across cloud infrastructure, achieving an incident detection rate improvement of 50%.
- Collaborated with development teams to integrate security into CI/CD pipelines, enhancing deployment security and reducing deployment time by 15%.
- Participated in security training sessions, improving team awareness and adherence to security protocols by 30%.

EDUCATION

Bachelor of Science in Cybersecurity

May 2018

University of California, Berkeley, Berkeley, CA • GPA: 3.7

SKILLS

Technical Skills: Cloud Security Architecture, Incident Response, Vulnerability Management, Compliance Frameworks

Tools & Frameworks: AWS Security Tools, Azure Security Center, Terraform, Splunk, CloudTrail
