SUMMARY

Experienced Senior Electrical Lineman with over 10 years of expertise in high-voltage transmission and distribution systems. Proven track record in leading teams, executing complex projects, and enhancing safety protocols, resulting in substantial operational efficiencies.

EXPERIENCE

Senior Electrical Lineman

Jan 2022 - Present

Texas Power Solutions, Austin, TX

- Led a team in the upgrade of a 200-mile high-voltage transmission line, reducing downtime by 30% and saving the company \$500,000 annually.
- Implemented a new safety training program that lowered workplace incidents by 25% over 12 months.
- Utilized advanced diagnostic tools to troubleshoot and resolve electrical system issues, improving system reliability by 15%.

Electrical Lineman

Mar 2018 - Dec 2021

Midwest Utilities, Dallas, TX

- Successfully maintained and repaired over 500 miles of distribution lines, contributing to a 98% customer satisfaction rating.
- Participated in a project that optimized power distribution, leading to a 20% reduction in operational costs.
- Utilized GIS mapping technology to improve line inspection processes and reduce response time to outages by 40%.

Apprentice Lineman

Jun 2013 - Feb 2018

North East Electric Co., Fort Worth, TX

- Trained in high voltage safety practices and line construction techniques while assisting in over 100 line installations.
- Collaborated on emergency response teams for storm damage, restoring power to 10,000 customers within 48 hours.
- Gained proficiency in using various tools including bucket trucks, pole clippers, and safety harnesses during installations and repairs.

EDUCATION

Bachelor of Science in Electrical Engineering

May 2018

University of Texas at Austin, Austin, TX • GPA: 3.7

SKILLS

Technical Skills: High Voltage Systems, Troubleshooting, Project Management, Safety Compliance

Tools & Frameworks: GIS Mapping, Bucket Trucks, Personal Protective Equipment (PPE), SCADA Systems
