SUMMARY

Detail-oriented SOC Analyst with over 4 years of experience in monitoring and responding to security incidents. Proven track record in threat detection and mitigation, utilizing advanced security tools and methodologies to enhance organizational security posture.

EXPERIENCE

SOC Analyst

Jun 2021 - Present

CyberDefense Inc., Austin, TX

- Reduced incident response time by 30% by implementing automated playbooks using SOAR tools.
- Successfully identified and mitigated over 150 security threats, resulting in a 25% decrease in potential data breaches.
- Conducted regular threat hunting exercises, enhancing detection capabilities and increasing overall security awareness.

Junior SOC Analyst

Jul 2018 - May 2021

SecureTech Solutions, Dallas, TX

- Monitored and analyzed security events, contributing to a 40% increase in threat detection accuracy.
- Collaborated on incident response plans that reduced recovery time from incidents by 20 hours on average.
- Utilized SIEM tools (Splunk, ELK Stack) to manage and analyze security data, improving reporting efficiency.

IT Security Intern

Jan 2018 - May 2018

TechSecure Corp., Austin, TX

- Assisted in vulnerability assessments and penetration testing, identifying critical weaknesses that led to immediate remediation.
- Participated in the development of security awareness training programs, increasing employee engagement in security practices.
