SUMMARY

Dedicated Solar Installer with over 5 years of experience in residential and commercial solar panel installation. Proven track record of enhancing energy efficiency and driving customer satisfaction through technical expertise and project management skills.

EXPERIENCE

Solar Installer

Jan 2021 - Present

Green Energy Solutions, San Diego, CA

- Successfully installed over 150 residential solar systems, increasing energy savings for clients by an average of 30%.
- Reduced installation time by 20% through efficient project planning and team collaboration.
- Conducted site assessments and system design, utilizing AutoCAD and SolarPathfinder software to optimize solar panel placement.

Solar Technician

Jun 2018 - Dec 2020

Eco Sun Technologies, Los Angeles, CA

- Assisted in the installation of over 300 solar panels, contributing to a 15% increase in company sales revenue.
- Trained new hires on safety protocols and installation techniques, enhancing team performance and safety standards.
- Performed maintenance checks and troubleshooting on solar energy systems, achieving a 98% customer satisfaction rating.

Electrical Apprentice

May 2016 - May 2018

Bright Future Electric, Los Angeles, CA

- Supported senior electricians in wiring and installation tasks for solar projects, completing over 200 installations.
- Gained experience in DC/AC wiring and inverter installation, contributing to increased operational efficiency.
- Participated in safety training programs, leading to a zero-accident record during tenure.

EDUCATION

Bachelor of Science in Renewable Energy

May 2018

California State University, San Diego, CA • GPA: 3.8

SKILLS

Technical Skills: Solar PV System Installation, Electrical Wiring, System Design and Assessment, Troubleshooting

Tools & Frameworks: AutoCAD, SolarPathfinder, Multimeter, Torque Wrench
