SUMMARY

Dedicated and compassionate Speech Language Pathologist with over 5 years of experience in pediatric and adult therapy. Proven track record of improving speech and language outcomes through evidence-based practices and individualized treatment plans.

EXPERIENCE

Speech Language Pathologist

Jan 2022 - Present

Northwest Speech Clinic, Seattle, WA

- Increased client speech intelligibility by 40% within 6 months through customized therapy plans.
- Implemented a new teletherapy program that expanded service availability by 60% during COVID-19.
- Conducted comprehensive assessments using the Goldman-Fristoe Test of Articulation, leading to data-informed therapy interventions.

Speech Language Pathologist

Jun 2018 - Dec 2021

Sunnyvale Rehabilitation Center, Sunnyvale, CA

- Achieved a 95% client satisfaction rate in annual surveys through effective communication and personalized care plans.
- Developed and facilitated group therapy sessions for children, resulting in a 30% improvement in social communication skills.
- Trained 10+ staff members on augmentative and alternative communication (AAC) devices to better support clients.

Speech Language Assistant

Aug 2016 - May 2018

Greenwood School District, Greenwood, TX

- Assisted in developing individualized education plans (IEPs) for over 20 students with speech and language disorders.
- Supported therapy sessions that improved student engagement by 25%, leading to enhanced learning outcomes.
- Participated in interdisciplinary team meetings to align therapy goals with educational objectives.
