SUMMARY

Detail-oriented welder with over 5 years of experience in MIG and TIG welding. Proven ability to read blueprints and execute precise welds, resulting in a 15% reduction in rework time. Committed to maintaining high safety standards and delivering quality craftsmanship.

EXPERIENCE

Welder

Jan 2022 - Present

Steel Innovations LLC, Chicago, IL

- Increased production efficiency by 20% through the implementation of a new welding technique.
- Trained 5 junior welders, improving their welding skills and reducing errors by 30%.
- Performed quality inspections and adjustments, leading to a 10% decrease in material waste.

Welder/Fabricator

Mar 2018 - Dec 2021

Precision Metal Works, Chicago, IL

- Executed high-quality welds on structural steel and aluminum components for over 100 projects.
- Collaborated with engineering teams to optimize designs, resulting in cost savings of \$50,000 annually.
- Enhanced health and safety compliance which contributed to a 40% reduction in workplace incidents.

Welder Apprentice

Jun 2016 - Feb 2018

Craftsman Welding Co., Chicago, IL

- Assisted senior welders in various projects, gaining hands-on experience in MIG and TIG welding.
- Maintained equipment and tools, ensuring a 100% operational readiness rate.
- Participated in safety training sessions, leading to the successful completion of certification.

EDUCATION

Associate of Applied Science in Welding Technology

May 2016

Chicago Community College, Chicago, IL • GPA: 3.5

SKILLS

Technical Skills: MIG Welding, TIG Welding, Arc Welding, Blueprint Reading

Tools & Frameworks: Welding Machines, Plasma Cutters, Safety Equipment
